Discontinue doing business with such a person and filing a suspicious activity report. We can also evaluate whether there is suspicious trading in determining whether to freeze or close the account and should be cautious to ensure that it does not return securities or money that may be from suspicious trades. However, we can consult the relevant authorities in

determining what action should be taken when it suspects suspicious trading. e) We need to comply with adequate formalities when client is permitted to act on behalf of another person / entity. It should be clearly specified the manner in which the account should be operated, transaction limits for the operation, additional authority required for transactions exceeding a specified quantity / value and other appropriate details. The rights and responsibilities of both the persons should be clearly laid down.
